

sesam

Our self-access center, SESAM (WS-A 113), is designed to be used both for individual self-study purposes and for group work (e.g. for language tandem meetings).

SESAM contains diverse digital and analog language learning materials and is also used for workshops (e.g. for test preparation) and language consultations. Please see our homepage for the opening hours.

Language Café

Our Language Café takes place every Wednesday from 4-6 pm in SESAM (WS-A 113). Anyone who is interested in practising their language skills with a native speaker of the language they are learning can do so here. What's more, you can enjoy a cup of coffee, tea or cocoa in a cosy atmosphere. Please register online.

Language Tandem

At the beginning of each semester, you can register for our Language Tandem program. Through Tandem, students learn from and with each other – learning about language and culture go hand in hand. Please register via our homepage.

international MOVIE NIGHTS

In addition to our language courses, we also offer international movie nights. We watch the movies in the original language (with English subtitles) and, along with students from the respective target-language culture, immerse ourselves in the culture of the country presented in the movie. The movie nights are funded by the DAAD. Please see our homepage for the current schedule.
